Box's story begins with the birth of his first child, a son named Joe. As a new father, Box is filled with a mix of joy and trepidation. He wants to be the best father he can be, but he also knows that fatherhood is a difficult and often thankless job.

Over the next two decades, Box and his wife raise three children on a ranch in Wyoming. They experience the joys and challenges of parenthood together, from the sleepless nights and diaper changes to the first steps and graduations.

But Box's memoir is more than just a story about fatherhood. It is also a story about the American West. Box writes about the land, the people, and the values that have shaped his life.

Burning Fence is a beautifully written and deeply personal memoir that will resonate with anyone who has ever been a parent. It is a story about the love, the sacrifice, and the rewards of raising a family.
