George is very upset about his verruca, and he doesn't want to go to school with it. His mom tells him that he needs to wash his hands more often to get rid of the verruca, but George doesn't believe her. He thinks that washing his hands is silly, and he doesn't want to do it.

One day, George is playing outside when he sees a group of kids playing with a ball. He wants to join in, but the kids tell him that he can't play

because he has a verruca. George is very sad, and he goes home to tell his mom what happened.

George's mom tells him that the kids are right, and that he needs to wash his hands more often. She explains that verrucas are caused by a virus, and that the virus can be spread through contact with contaminated surfaces. George finally understands why it's important to wash his hands, and he promises to do it more often.

The next day, George goes back to the park to play with the kids. He washes his hands before he plays, and he doesn't get a verruca. The kids are happy to have him play with them, and George is happy to be able to play without having to worry about getting a verruca.

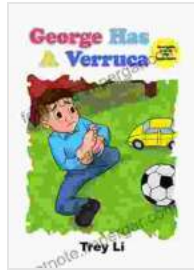

George Has Verruca Trey Li is a fun and engaging way to teach children the importance of hand-washing. The book is written in a clear and simple style, and the illustrations are bright and colorful. Children will enjoy reading the book, and they will learn an important lesson about hygiene.
