James Longstreet, one of the most controversial figures in the American Civil War, is re-evaluated in this groundbreaking new book. *Longstreet at Gettysburg: A Critical Reassessment* offers a fresh perspective on Longstreet's role in the Battle of Gettysburg, challenging long-held assumptions about his performance.

Longstreet was one of Robert E. Lee's most trusted generals, and he played a key role in many of the Confederacy's most important victories. However, his reputation has been tarnished by accusations that he was slow to obey Lee's orders and that his actions at Gettysburg contributed to the Confederate defeat.

In *Longstreet at Gettysburg*, author James I. Robertson Jr. takes a fresh look at the evidence and argues that Longstreet has been unfairly blamed for the Confederate loss. Robertson shows that Longstreet was a skilled and courageous general who did his best to carry out Lee's orders. However, he was also hampered by a number of factors beyond his control, including the poor quality of his troops and the overwhelming strength of the Union army.

Longstreet at Gettysburg is a must-read for anyone interested in the American Civil War. Robertson's groundbreaking research provides a new understanding of one of the most controversial figures in the conflict.

What Critics Are Saying

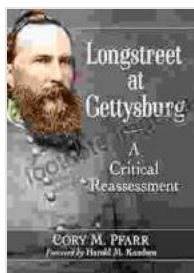

"Longstreet at Gettysburg is a major contribution to the study of the American Civil War. Robertson's meticulous research and clear writing make this book a must-read for anyone interested in the Battle of Gettysburg." - Dr. Gary W. Gallagher, author of The Battle of Gettysburg

"Robertson has done a masterful job of rehabilitating Longstreet's reputation. This book is a must-read for anyone interested in the American Civil War." - Dr. James M. McPherson, author of Battle Cry of Freedom
